

Coronavirus Education Email

Email Copy

The goal of this email is to support the Florida Department of Health's initiative to educate healthcare professionals about the Coronavirus and encourage licensees to take quality and topical continuing education.

Audience: Florida Healthcare Professionals

Subject Line: Coronavirus [Profession] education

Dear [Name],

The Florida Department of Health is recommending that hospitals and healthcare professionals prepare to identify and treat patients with the novel Coronavirus.

Here are some recommended Coronavirus courses for [Profession]s.

The courses at the link below will also apply to your General Hours CE/CME requirement and instantly report to your CE Broker account upon completion.
